WORK EXPERIENCE

Full-Stack Developer
March 2016 – Present

International Automobile Association Inc, Florida, United States

Project leader and main developer of the company's main website project, including the front-end and back-end applications. I also developed software which connects to database system for license cards printing. Now working remotely as an IT consultant.

Chief Technology Officer
July 2009 – Present

Grey Neuron Ltd, Ho Chi Minh, Vietnam

Primary point of contact for critical technical issues. Also, a project manager, leading team members and ensured project completion on time and within budget. Now working remotely as an IT consultant.
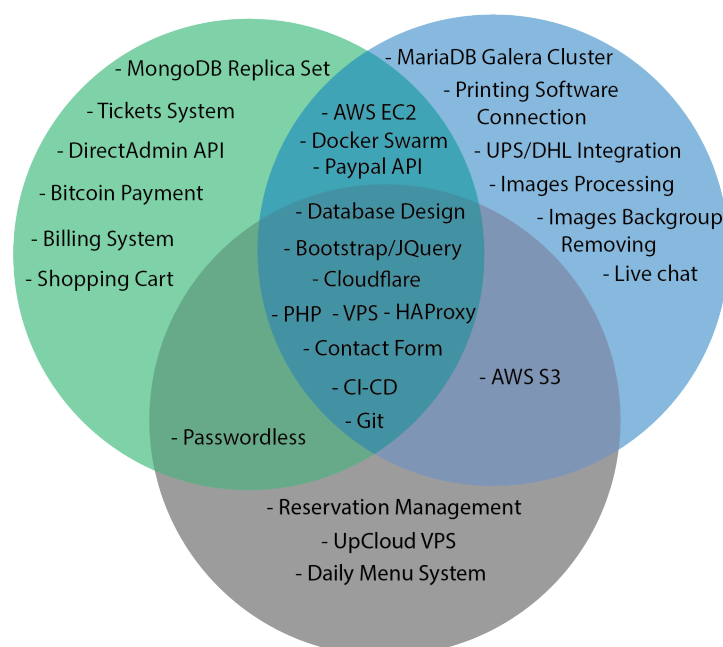

EDUCATION

Bachelor of Science – Information Technology
October 2004 – May 2009

University of Information Technology, Ho Chi Minh, Vietnam

Studies focused on programing, IT project management, multimedia design, technical planning, and business case analyses. Created working prototypes for numerous website projects.
